

BROCKWOOD PARK SCHOOL

EXAM DATA ANALYSIS 2006 – 2009

INTRODUCTION

The percentage result data below is based on the total number of exams taken.

The following needs to be considered when looking at the percentage exam grade:

- Brockwood Park is an international school comprised of students from over 25 countries. For many, English is not their first language and if they attained a grade C, it could be equivalent to a grade B or even higher in their own country.
- Brockwood Park is an alternative school where academics are not the only priority; emphasis is also placed on self-enquiry and personal development. There is a broad curriculum which is designed each year according to the needs and interests of the students, and each student is required to balance his/her timetable with academic and non-academic subjects.
- Often, students come to the school for a gap year, having done formal exams in their own country, and continue studying with us subjects that are of interest to them, but for which the final exam grade is not critical.
- Most of our students go on to do university courses, both with formal qualifications and occasionally with portfolios that they have created at the school.
- X-Grades are students who enrolled for the exam, but decided not to sit it.
